Who We Are

"Real People Journeying Together to Embrace God's Best for Our Lives"

Our Mission

To Build a Movement of Believers who Support One Another in a Growing Relationship with Jesus, Journeying Together to Discover, Embrace, Grow In, and Share the Abundant Life God has for us – which is the Best Version of Ourselves

Our Vision

To be a Modern-Day Antioch Church

The Antioch Church, as described in the Bible, is a model of a diverse, mission-oriented, and generous community. It was a central place for early Christian outreach, a symbol of unity among believers of different backgrounds, and a key player in the establishment of the global Christian movement. The leadership of the Antioch Church focused on teaching and worship, fellowship, sharing the Gospel, mentoring (making disciples), leadership development, and church planting. They spread the Gospel and planted churches throughout the First Century world, setting a powerful example for future Christian communities.
